A Training and Placement Cell has been formed under the close supervision and active co-operation of all Faculty members. In this Institute Students are being taught & trained to meet the challenge of working situation. Apart from teaching the subjects & practical hand-on training, the personality development & 360 degree HR development are focused. The placement cells with the placement persons are always attentive to organize seminars, debates, group discussions, mock interview for the students with the help of prominent industrial personalities. Industrial visits & interaction with various corporate & Govt. Sectors increase the exposure of our students & faculties, which help our students for final placement in reputed industries and organizations.

Stream wise Merit List of students will be prepared in the final year of the ITI Course for Campus Recruitment. The Merit Lists are prepared on the basis of marks obtained in the Madhyamik Pariksha, + ITI Examination (up to 2ND Year) +Attendance in classes. The students who will have 75% attendance in the 1st year and 2nd year classes will get first preference.

Name of students will be sent to different companies serially from the top of the Merit Lists as per requirement of the Companies. Once the name of a student is sent to any company, his or her name will not be sent to the other company until one round of the Merit List is complete.

If a particular company fixes special norms/criteria, in that case names of students will be considered further for sending the names of the students occurring in the Merit List, who will fulfil the said norms and criteria laid down by that Company.

The practical skills are imparted in simple to complex manner & simultaneously theory subject is taught in the same fashion to apply cognitive knowledge while executing task. The safety aspects covers components like OSH&E, PPE, Fire extinguisher, First Aid and in addition 5S being taught. The practical part starts with edge preparation by hacksawing, filing and fitting followed by Oxy Acetylene Welding & Brazing, Oxy Acetylene Cutting, Shielded Metal Arc Welding, Gas Metal Arc Welding, Gas Tungsten Arc Welding and Spot Welding, Plasma Cutting and Arc Gouging. These processes are widely used in Industries.

During the practice on Welding / Brazing process, the trainees will learn to read the job drawing, select the required base metal and filler metals, cut the metals by appropriate process, carry out edge preparation, setup the plant and do welding/Brazing on M.S, SS, Aluminium and Copper in different positions. On completion of each job the trainees will also evaluate their jobs by visual inspection, and identify the defects for further correction/improvement. They learn to adapt precautionary measures such as preheating; maintaining inter-pass temperature and post weld heat treatment for Welding Alloy steel, Cast Iron etc. The Work Shop calculation taught will help them to plan and cut the required jobs economically without wasting the material and also used in estimating the Electrodes, filler metals etc. The Workshop Science taught will help them to understand the materials and properties, effect of alloying elements etc. Engineering Drawing taught will be applied while reading the job drawings and will be useful in understanding the location, type and size of weld to be carried out.

The professional knowledge taught will be useful in understanding the principles of Welding, Brazing, induction and Cutting process, use of jigs and Fixtures, distortion and methods of control, selection of consumables and to take precautionary measures for storage and handling and apply the same for executing the Cutting, induction Welding, welding and Brazing. The knowledge and practice imparted on Destructive and Non-destructive testing will be use in understanding the standard quality of welds and to carry out shop floor Inspection and test in laboratories.

SWADESH MANTRA

- Swami Vivekananda

O India ! With this mere echoing of others, with this base imitation of others, with this dependence on others, this slavish weakness, this vile detestable cruelty -- wouldst thou, with these provisions only, scale the highest pinnacle of civilisation and greatness? Wouldst thou attain, by means of thy disgraceful cowardice, that freedom deserved only by the brave and the heroic?

O India ! Forget not that the ideal of thy womanhood is Sita, Savitri, Damayanti; forget not that the God thou worshippest is the great Ascetic of ascetics, the all- renouncing Shankara, the Lord of Uma; forget not that thy marriage, thy wealth, thy life are not for sense-pleasure, are not for thy individual personal happiness; forget not that thou art born as a sacrifice to the Mother's altar; forget not that thy social order is but the reflex of the Infinite Universal Motherhood; forget not that the lower classes, the ignorant, the poor, the illiterate, the cobbler, the sweeper, are thy flesh and blood, thy brothers.

Thou brave one, be bold, take courage, be proud that thou art an Indian, and proudly proclaim, "I am an Indian, every Indian is my brother." Say, "The ignorant Indian, the poor and destitute Indian, the Brahmin Indian, the Pariah Indian, is my brother."

Thou, too, clad with but a rag round thy loins proudly proclaim at the top of thy voice: "The Indian is my brother, the Indian is my life, India 's gods and goddesses are my God. India 's society is the cradle of my infancy, the pleasure-garden of my youth, the sacred heaven, the Varanasi of my old age."

Say, brother; "The soil of India is my highest heaven, the good of India is my good," and repeat and pray day and night, "O Thou Lord of Gauri, O Thou Mother of the Universe, vouchsafe manliness unto me! O Thou Mother of Strength, take away my weakness, take away my unmanliness, and make me a Man!"

ওঁ সহ নাববতু। সহ নৌ ভুনক্তু। সহ বীর্যং করবাবহৈ।
তেজস্বি নাবধীতমস্তু মা বিদ্বিষাবহৈ।।
ওঁ শান্তিঃ শান্তিঃ শান্তিঃ।।

ঈশ্বর আমাদের উভয়কে (আচার্য্য ও শিষ্যকে) সমভাবে রক্ষা করুন; (বিদ্যার সুফল প্রকাশিত করিয়া) আমাদের উভয়কে পালন করুন। আমরা যেন সামর্থ্যবান হই; অধীত বিদ্যা যেন আমাদের উভয়ের জীবনেই সমভাবে তেজোদীপ্ত হয়। আমরা পরস্পরকে যেন বিদ্বেষ না করি। আমাদের আধ্যাত্মিক, আধিভৌতিক ও আধিদৈবিক শান্তি হউক।

"My Faith is in the Younger Generation, the Modern Generation, out of them will come my workers. They will work out the whole problem, like Lions." ……..*(Swami Vivekananda)*

Swami Vivekananda expressed this confidence in the youth of this country exactly 50 years before the end of Colonial Rule while speaking to a mammoth gathering of youngsters in Madras. Swami ji himself was the embodiment of youth, dynamism and vibrancy. The life and ideals of Swami ji are the greatest inspiration for the youth of our nation. In a short life of 39 years, 5 months and 22 days, this great man conquered the entire world with his message. Many great personalities both in India and across the world became deeply inspired by Swami ji. The writings of Swami ji can ignite the minds of the reader. Someone rightly pointed out that if you are lying down and reading Swami ji's work you will instantly sit upright. If you are sitting and reading his writings then you will stand up and if you read him standing, you will at once set out towards your mission. This is nothing but the influence of Swami Vivekananda's lively message**.** Anybody who has come into either direct or indirect contact has witnessed an ocean of change in his or her life. Today, the youth of this country faces various challenges and I am certain that the message of Swami Vivekananda has the power to wonderfully guide them into the future.

PURPOSE OF LIFE

Swami ji always held that the real birth of the individual takes place when the purpose of his life germinates. He believed that he who does not have a purpose is nothing but a walking-talking corpse. Till the purpose is not recognized, life is absolutely useless.

Our youngsters should decide what they want to do in this life. Right from our childhood, we are constantly chained by the thought of careers, or what we want to be and in that process forget some of the finer aspects that life has to offer. It is extremely important not to decide the purpose of life with the narrow objective to be something or the other. Think of doing not becoming and in this process you will certainly become something. Once the purpose of life is clear, all actions of life become driven by that purpose.

SELF-CONFIDENCE

A precursor to do anything in life is to have confidence in the self. Swami Vivekananda attached more importance to self-confidence than even faith in God!

"He is an atheist who does not believe in himself. The old religions said that he was an atheist who did not believe in God. The new religion says that he is an atheist who does not believe in himself," he famously stated. Unfortunately, we have limited ourselves without knowing our capabilities. Many times we feel that we can do 'only this much' despite being blessed with tremendous capabilities. If our youth is determined, there can be nothing impossible for them to achieve in the world! But, for this we must regain our self-confidence.

Swami ji always believed that everything that is happening around us be it small, big, positive or negative gives us the opportunity to manifest the potential within.

TEAMWORK

This era belongs to organization and teamwork. Be it any sector from science, technology to business, teamwork constitutes a major cornerstone to attaining the desired results. When he was in USA, Swami Vivekananda was greatly impressed by the spirit of teamwork there and he thought of the need to re-vitalize this spirit of teamwork in India. Leading by example, he founded the Ramakrishna Mission and organized Sanyasis to work towards nation building.

Friends, if the present youth walks on the hallow path of Swami ji's ideals and beliefs it will merely be a matter of time before India adorns the mantle as the leader of the World. In any case, we are the most youthful nation in the world but simply that is not enough. It is necessary to arm our youth with the relevant knowledge and skill that will convert this mammoth potential to desired results.

India is celebrating Swami Vivekananda's 150th Birth Anniversary and Gujarat is commemorating the entire year as 'Yuva Shakti Varsh'. It is indeed high time that we resolve to follow these ideals of

Swami Vivekananda
